

**Table 1.** Vegetation species of Indus Delta.

| S.NO              | SCIENTIFIC NAME                  |
|-------------------|----------------------------------|
| <b>MANGROVES:</b> |                                  |
| 1                 | <i>Avicennia marina</i>          |
| 2                 | <i>Rhizophora mucronata</i>      |
| 3                 | <i>Ceriops tagal</i>             |
| 4                 | <i>Aegiceras corniculata</i>     |
| <b>SEA WEEDS:</b> |                                  |
| 5                 | <i>Enteromorpha intestinalis</i> |
| 6                 | <i>Enteromorpha compressa</i>    |
| 7                 | <i>Ulva reticulata</i>           |
| 8                 | <i>Cladophora sp.</i>            |
| 9                 | <i>Polyphyllia platycarpa</i>    |
| <b>GARASSES:</b>  |                                  |
| 10                | <i>Oryza coarctata</i>           |
